BRIDAL LOUNGE
BOUDOIR PHOTOGRAPHY

**The Bridal Lounge is an innovative concept by Panos Antoniou Weddings, established in 2026.
It is a dedicated space designed for brides and clients who do not have a private location to get ready, offering a refined and comfortable environment for their preparation.**

Conveniently located in a very central area of Santorini, it is just minutes away from the island's most renowned wedding venues (Villa Irene, Cavo Ventus, Pyrgos Restaurant, Venetsanos Winery, and others).

**Clients may use our professional makeup and hairstyling services or choose to bring their own team.
The space is also ideal for atmospheric boudoir photography, featuring a minimal aesthetic inspired by the unique character of Santorini.
The design blends strong elements of black, reminiscent of volcanic stone, with the iconic white of the Aegean, complemented by subtle accents of blue, gold, grey, and white. The concept includes a central area as well as a cave-inspired setting, providing a distinctive and intimate backdrop for boudoir photography and creative direction.**
